SUB: Amendments to the Policy Guidelines for the issue of NOC to the new/ existing institutions situated in conforming / non-conforming areas and allied matters related to self-financed institutions affiliated to GGSIP University for the year 2017-18 & onwards.

Sir,

The following amendments have been made to the existing policy guidelines, issued vide letter No.DHE-4(60)/Policy/ GGSIPU/2014-15/5890-5904 dated 12.01.2016, for issue of NOC to the new/existing institutions situated in conforming / non conforming areas and allied matters related to self-financed institutions affiliated to GGSIP University :-

- a. In the policy guideline, in general, wherever the phrase "built up area" occurs the same should be read as "covered area for FAR". This is because certified building plans provide for "covered area for FAR" instead of "built up area". More specifically, the **clause 1.1 iii. h.** should be read as:

"The covered area for FAR as assessed and verified by JAC during their visit to an institute in conforming area and mentioned in their report may be considered for granting the course(s) / intake to the institute. The covered area for FAR as certified by the local body / architect may be taken as final. For implementation of this clause, all new institutes will be allotted seats on the basis of covered area for FAR. For existing institutions, the built up area as assessed / certified by JAC for Academic Session 2016-17 shall be considered as final for allocation of seats. Any addition in the area will be considered in terms of covered area for FAR only for allocation of seats."

b. Clause 4.1 should be read as:

“At the time of renewal of NOC for any programme or grant of intake for any programme, the status of admission as against the sanctioned seats will be reviewed. If for any programme in an institute, the admission has been less than 50% of the sanctioned seats consecutively for the last three academic years (i.e. in each of the three years the admission is less than 50% of the sanctioned strength), then no fresh admission will be allowed. If for a programme in an affiliated institution, the admission has been less than 50% of sanctioned seats consecutively for two years, then the University will issue a warning letter that if for the third consecutive year also the admission is less than 50%, then no fresh admission will be considered for the 4th year. This shall not be applicable to institutes with minority status. If in an institution (minority or otherwise), the short fall in faculty position is 20% or more for two consecutive years for a programme, then no fresh admission shall be allowed. The Government may revalidate a No Objection Certificate granted to an affiliated institution running in a permanent campus for running existing programmes after careful consideration of the following parameters:-

- (i) That programmes are being run smoothly and the quality of education imparted is of acceptable standards.
- (ii) That all terms and conditions given in the NOC are being complied with.
- (iii) That all terms and conditions for affiliation prescribed by the GGSIP University and other Statutory Bodies are being observed.”

c. Clause 4.3 should be read as:

“The revalidation of NOC for the courses running in Institutes located in Agriculture Land, School Building and Rented Premises will be given on annual basis only. No addition and alteration shall be allowed in the existing infrastructure as on date which is annexed as per Annexure-I (as per academic year 2015-16). NOC will be subject to the conditions that no new construction would be taken up. They will be allowed to continue only the existing courses. No new course and intake will be allowed.”

These amendments of the Policy Guidelines may be brought to the notice of all affiliated Institutions/concerned.

This issues with the prior approval of the Competent Authority.

Yours faithfully.
