# PRESIDENT'S MESSAGE

Being a part of rotary is truly a bliss. It gave me strength and a platform to serve others unconditionally. Certainly, this tenure was so cheerful and eventful that I can't thank enough my fellow rotaractors and the supporting pillars of this club. They gave me a platform to showcase my leadership skills and to put my hand forward in serving others. Rotaract has given me enormous opportunities and ways to help in the fight of terminating hunger, exploitation, injustice and promoting welfare, good deeds and charity. I always feel wonderful working with my dedicated team of rotaract club. It would be difficult to mention and thank every one of them in this limited space but I wholeheartedly thank each and every member of our rotaract club. My motto is very simple. I just want people to love and care about each other unconditionally. People should move forward in their life by uplifting each other and not by pushing each other. I want to eradicate politics completely when it comes to upliftment of society.

I believe hardwork can replace talent and destiny. If you are working hard for something, you can even change your destiny. Also, rotaract helped me in overcoming my stage fear and also helped me in every aspect of my life, be it communication skills or making me a better person overall. My journey was certainly a roller coaster ride, in which I was always on a track of learning something new. My fellow rotaractors and my team always supported me and was there with me throughout the whole journey. Their dedication always cheered me up. I can proudly say that my Rotaract Club of JIMS VK's family is my second family and I would love to work with them in future as well.

Competitions play a vital role in motivating people to perform & excel and offer a lot more reward than just the winning prize. Competitions offer a chance for participants to gain substantial experience, showcase skills, analyze and evaluate outcomes and uncover personal aptitude. Competitions also encourage people to adopt innovative techniques and develop their ideas and skills. Competitions provide a great platform to display the knowledge and skills you have amassed over the years. And at the same time, the participants can rectify their mistakes. In this way, competitions can prove to be a great source of self-evaluation for students and help them to nurture their experience and skills further.

Rotaract Club Of JIMS Vasant Kunj took an initiative to organise Adbhut and Adbhut 2.0. Adbhut was conducted in the month of July. And there were three sub events namely:

3. Adbhut Poem Category.

*This Christmas!*  
अद्भुत 2.0

## **PROJECT CHAIR:**

*Rtr. Rishel Puri*

**The ability to protect oneself physically from harm is a basic human right that should be accessible to everyone, including children. Teaching children self-defense is something that everyone will often overlook in today's society, but it is of utmost importance. In an age when the bullying epidemic in school is a huge problem, it is important to ensure that every child can defend themselves if the need arises. And, it also empowers children with the knowledge of self-defense.**

**Self-defense not only allows children to tangibly defend themselves against physical attacks, it also sparks various benefits to them in everyday life. Important values and principles can be learned, such as hard work, dedication, and perseverance, as well as the importance of maintaining personal relationships.**

**Rotaract Club of JIMS Vasant Kunj organized PROJECT RAKSHAK a Self-Defence workshop which was for the underprivileged children on 2 nd Feb' 2020 in the slums of Andrews Ganj. Rtr. The children and the members were equally serious and shared a mutual understanding with the members which in turn helped the rotaractors to make this event easier, productive and successful.**

**Project is named as Project Rakshak because this project is concerned with training the children with self defence techniques, the target audience are the slum children of Andrews Ganj. The club took up this as a project because the children are keenly interested in learning the techniques and as everyone knows that self defence cannot be taught in one day so the rotaractors have been conducting different sessions and till now, they were able to conduct four sessions and they are counting for more after the pandemic.**

**All the four sessions were held in Andrews Ganj. And after each training session all the children were provided with the energy drinks (Glucon-D), and some treats to praise them for their attention and efforts towards the event. The success of this event had guaranteed the occurrence of similar workshops in the time to come. It was a fruitful workshop and was very impactful.**

# BLOOD DONATION

Blood donation service is the best social service to humanity. It is a very noble cause as by donating blood, one gets the opportunity to save someone's life. All it takes is just 15 minutes to donate blood. By donating blood, one can bring happiness to someone's life and make a difference in his life. Keeping this noble thought in mind, Rotaract Club of JIMS Vasant Kunj organized the two Annual Blood Donation Camp.

On the occasion of Hepatitis Day which was celebrated on July 28, 2019. On this day, the Rotaractors of Rotaract Club Of JIMS Vasant Kunj conducted a Blood Donation Camp in Siddharth International School, Shahdara. This camp wouldn't been possible without the support of Rtn. Sandeep Indoria of Rotary Club Of Indirapuram Galore, and also Rtn. Dr. Dheeraj K. Bhargava from Resolute Health Awareness mission. The event was began at 11:00 a.m. and ended at 4:00 p.m. They had collected 28 units of blood. The camp was organised for a good cause and paid back well to the society. Mr. Alok Singh Gupta, who lost his vision long back, still never fails to save someone else's life, he has been a part of community services since long, and he warmed the rotaractors hearts by his presence and he inspired them to help the people and serve the society forever. A single pint can save three lives. A simple gestures can create millions of smiles, they hope to spread happiness, smiles on the faces of needful and ray of hope in their heart. The event was a great success and the club hopes to organise more such events to save lives of people around the world.

There were quite a few volunteers donating blood for the first time. Many of the donors said that initially, they were a bit skeptical about donating blood. But seeing the response of the rotaractors, they realized that this is the best chance to start and made up their mind to donate." One of the key aspects of the event was the doctors' amicable approach that provided assurance to students (especially first time donors) that donating blood is a safe and smooth process. Moreover, the motivation of the doctors inspired them to donate.**

**The donors were provided with certificates in order to make them special and then they were provided with nutritious appetizers to help them gain energy. # PLANTATION PROGRAMME

**“ Reversing deforestation is complicated; but planting a tree is simple.”**

**As of 2019, there are only 35 billion trees in India to shade a population of 1.3 billion. Among highly populous countries, India has a tree population of only 35 billion, leading to just 28 trees per person. As we all know, trees are very essential for humans. They give us fresh air to breathe, food to eat and shelter/ shade from sunlight/ rainfall. Besides this, there are many medicines in the market that are made up of trees extracts. Apart from this, there are plants that have medicinal value. The Amazon rain forest fire and Australia bushfire had demolished thousands of trees and wild animals. And we humans, do cut trees to make furniture etc. So, its our responsibility to balance what we lost. We believe that “Sometimes one small step can change the future.” Keeping this in the mind, the Rotaract Club Of JIMS Vasant Kunj organised its Plantation Drive twice in the tenure 2019-20. Both the events were huge success. And they got an amazing responses from their faculties and from their fellow rotaractors.**

**Firstly, a Collaborative Event, Plantation Drive was took place in Vasant Kunj DDA Flats with Rotaract Club Of Maharaja Agrasen RID 3011. This event was organised on 7 th July, 2019. In this project, both the committee members came together and contributed to the environment. In total, thirty people were contributed to this event. They planted trees in the said area. On the same day, both the clubs had accomplished their estimated target of planting more than thirty trees, which helped us to start the year with a green approach. For the committee members, it was an amazing experience to interact with Rotaract Club Of Maharaja Agarsen RID 3011.**

**The second plantation drive took place at Sultangari Archeological Park, Near Ryan international School, Vasant Kunj on 14th September 2019. The occasion was graced by our Parent Rotary, Rotary Club of Delhi Imperial, President Rtn. Dushyant Arya Sir and IPP Rtn. Ram Chand Sir . The event witnessed the footfall of more than 300 people and as per the stats more than 250 planting spots were covered during that time.**

**Their new members were very excited and enthusiastic to execute this event. And they got a tremendous response from their newly joined rotaractors. As it was their first event, they tried their best to contribute in this event. And they were very cooperative. Sanjay Van is a sprawling city forest area near Vasant Kunj and Mehrauli in Delhi, India. It is spread over an area of 443 acres. It is one of the most thickly wooded areas of the city's green lungs. They planted the trees in the said area. And their mentor Prof. B.Manchanda Sir, also helped them to organize this event more perfectly. The day began with a short speech given by Prof. B.Manchandha Sir and he also addressed our newly joined members. Followed by him, President Rtn. Dushyant Arya Sir and IPP Rtn. Ram Chand Sir also told us about the importance of trees and the difficulties we will face without trees.**

**Their short speeches were really inspiring and it made them to realize what the youngsters must do to save our Earth.**

# **SWACHHTA PROGRAMME**

**Cleanliness begins with the purity of your own mind, thoughts and heart.” Cleanliness is the major step to a healthy living. Cleanliness can prevent and cure people from communicable diseases. Effective cleaning can forbid viruses and other infectious diseases. Cleanliness is nothing that should be forced upon a person but should be properly practiced and be made a lifestyle. A clean and well-maintained person will always succeed in all his difficulties if he applies it in every path he walks.**

**The Rotaract Club of JIMS Vasant Kunj has organised a program called “SWACHHTA HI SEWA” under Swachh Bharat Campaign initiated by the government of India on 18 th October’2019 in college campus. All the students joined their hands together for this good cause. Their esteem Director, Dr. Ravi K Dhar was invited to inaugurate the event with his words of wisdom. # "SWACHHTA HI SEVA"

The students were in zeal and made groups with 3 coordinators in every group. They took the broom, pan and the dustbin and collected all the waste near the college and cleaned the surroundings. After the cleaning of roads, it gave them an immense satisfaction when they compared the roads what it was before and what it had become after cleaning them. Everyone had an amazing experience, and it gave them an immense of joy to see the clean roads.

Everyone should do their bit to maintain cleanliness in the areas we live or visit. In fact, for this very purpose, the Government of India has initiated the Swacchh Bharat Abhiyan so as to educate and inculcate good habits among the citizens of the country with regards to cleanliness. Everyone should be mindful towards this habit. Everyone should stop others from throwing waste at undesignated places. It is the cumulative effort of all the people which can help to build a clean India someday.

# Inaayat- District Installation

*(Organised on  
14th July, 2019)*

District Installation  
2019  
Inaayat

One of the highly anticipated events and the most awaited day of the year was the District Installation Ceremony Of RID 3012, INAAYAT- "A blessing to serve", led by Rtr. Mudita Khurana. This event was hosted on July 14th, 2019. The hopes that all the rotaractors have for the year were translated and represented in the merriment of the ceremony. The day began with the exchange of DRR's collars, the pinning of district committee and it was a day to thank the outgoing committee for their tremendous work done in the Rota Year 2018-19 and welcome the new young and talented rotaractors. The day was ended with some fantabulous dance performances.

# Trash Drive

*(Organised on  
27th July, 2019)*

As a part of the Trash Drive District Project which was allotted to all the clubs, the Rotaract Club Of JIMS Vasant Kunj conducted an awareness workshop at the Arya Samaj Mandir in Preet Vihar on 27th July, 2019, regarding waste management and trash drive. This event comes under Community Services. In the workshop the club educated the people about different ways and types of wastes and their disposal systems. A very friendly and non-formal environment was created and the committee members who were a part of this positive workshop had a great time with the people over there.

India is getting buried in its own garbage as a huge quantity of solid waste is being generated daily and it is never picked up and poisons land, air and water. Of the total collected waste, only 20% is processed and the rest is dumped at landfill sites.

In 2014, India inaugurated the Swachh Bharat Mission, a five year nationwide cleanup effort. And many other cities in India had already launched individual efforts to set up sustainable efforts. Some examples are: Clean cities championship Warangal, Nirmal Bhavanam, Nirmal Nagaram or Clean homes, Clean city in Alappuzha, engage 14 campaign in Gangtok, Zero waste in Bobbili (Andhra Pradesh), Waste Management in Mysore and Solid Waste Management Round Table Bangalore and many more initiatives were taken by different cities. The club members felt very proud to contribute their efforts in minimizing the trash and spreading awareness about waste management.

# SLUM VISIT Friendship Day

*(Organised on 4th Aug, 2019)*

“The best way to cheer yourself up is to try to cheer somebody else up.”

Rotaract Club of JIMS Vasant Kunj along with Rotaract Club of Delhi Youngsters and Rotaract Club of Delhi Akash paid a visit to the residents of Shahipur village located in Shalimar Bagh on the occasion of Friendship day. This event was held on 4th Aug, 2019. This event comes under Community Services. All the clubs, brought various food items, to create a bond with the people. Rotaract Club of JIMS Vasant Kunj got the friendship bands, Rotaract Club of Delhi Youngsters came with chocolates and juices and Rotaract Club of Delhi Akash brought pastries. It was a sense of satisfaction which took place in their hearts when they saw the kids having the eatables and showing their bands with smiles which was reaching their eyes.

Once the rotaractors went inside the slum, they could feel thousands of eyes staring at them with suspicion, as well as some hope. But soon they realised that all the kids were very friendly as the kids gathered around them, and the kids even shared their grievances and how each & every single day for them is filled with so much struggle for small and basic things.

It's so ironical that Delhi's slums (like all over India) are the abode of lakhs of people whose work makes the lives of its better-off citizens easier and comfortable but they themselves are forced to live in worst of conditions. They can't even fulfill their basic needs in a slum. As Katherine Boo unfolds the dark belly in “Behind the Beautiful Forever”, life in an urban slum can be full of squalor and deprivations.

“We all need to work together for making & keeping our country beautiful and it's our responsibility to keep the people around us more happier.”

# Rakshabandhan and Independence Day Celebration

*(Organised on 17th Aug, 2019)*

Rotaract Club of JIMS Vasant Kunj collaborated with the Rotaract Club of G.L. Bajaj for celebrating Rakshabandhan and Independence day with a unique approach. This event was organised on 17th Aug, 2019. This event comes under Community Services. The Rotaractors of both the clubs got together at India Gate where they tied Rakhis to the jawans on duty at that time. The main motive of this event was to, appreciate the Indian soldiers who work day and night to protect people. It was a refreshing feeling for them to see those smiles on the jawans faces. This showed them how much the jawans were moved by such a simple and sweet gesture.

Independence Day is annually celebrated on 15th August, as a national holiday in India commemorating the nation's independence from the United Kingdom on 15th August 1947, the day when the provisions of the Indian Independence Act 1947, as passed by the UK Parliament, which transferred legislative sovereignty to the Indian Constituent Assembly came into effect.

And Raksha Bandhan is an ancient Hindu festival which means "a knot of protection", a symbolic renewal of one of the most beautiful emotion in humans. The festival of rakhi brings the entire family together and strengthens the bond love and affection between the siblings.

To celebrate both Independence day and Raksha Bandhan, they tied rakhis to the soldiers. It was a pleasure for them to see those young and enthusiastic soldiers smiling at them. The jawans were very pleased by their gestures. The rotaractors believe that, "Small things done with great love will change the world". Together, will spread happiness.

# Girl Child Day

*(Organised on  
11th October, 2019)*

Rotaract Club of JIMS Vasant Kunj organised an event namely Girl Child Day on the theme 'Mission Fight back'. The workshop was conducted in the college premises on 11th October' 2019 in order to raise awareness about misbehaviour happening with women. This event comes under Community Services.

The speaker taught about several self-defense techniques and emphasized on the fact that girls should voice out and take action if anything wrong happens with them. They should not fear the society and be bold while handling any bad incident which is related to gross misconduct or physical or mental abuse.

For example - Good touch, Bad touch, forcing and emotional/ physical torture.

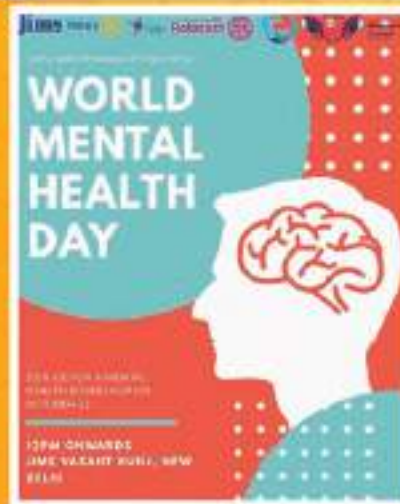

In ancient times, women were highly respected. But with time, their situation changed drastically. Thinking of people towards girls changed. Conservative practices like child marriage, sati system, dowry system, female foeticide, etc. became prevalent. Due to this, girls were being denied from rights like education, nutrition, legal rights and medicine. But now in this modern era, several efforts are being made to provide girls their rights and to make people aware of it. The Indian government is also working in this direction and is implementing various schemes.

The main motive of this event was to teach girls to be strong enough to face all the problems. "A strong women should accepts both compliments and criticism graciously, knowing that it takes both sun and rain for a flower to grow." The event was concluded on happy note and we got many positive feedbacks from our faculties and fellow rotaractors

# Project ULLAS

*(Organised on  
21st October, 2019)*

Rotaract Club of JIMS Vasant Kunj went to celebrate Diwali with the children and the people living in Andrews Ganj Slum on 21st October 2019. This event comes under Community Services. The day began with the introduction of the kids. The kids made some amazing rangolis along with their fellow Rotaract members. They clicked many pictures with them and after that, they went to dance on many songs on which some talented kids gave their amazing performances. Then they had a singing session, followed by this they played kho-kho and chain-chain with them.

The children from slums are miles away from happiness. Poverty is the main hurdle in celebrating the festival. These children many un-fulfilled dreams and despair which result into hatred and exasperation in the hearts of these children towards the society. The main objective of this event was to bring joy and happiness to those children's life.

At the end of day they distributed sweets, toffees, chocolates and diyas to everyone and they celebrated Diwali with a lot of fun. The children also had loads of fun. They hope that, those children will remember this day for their whole life. By this project, these moments will become memorable to all those children. And everytime they have a great time with them. They tell the club members about everything, and they make them smile with their innocence.

# Children's Day

There are some lessons, that everyone will only learn by handling tough situations and by going through hardships. The members have learnt many things from those kids.,

1. That they don't get things easily in life, they tend to appreciate little things. Unlike the other humans, who want anything and everything. They never let greed take over their lives, and stretch their legs according to the size of their quilts.
2. They all work hard to make ends meet. They shoulder their responsibilities well. There are kids who work part-time during the day and then attend night school. Now isn't that inspiring?
3. No one saw them whining or cribbing about their lives. Instead, they are always full of hope and emerge as total winners.

The event was concluded on happy note and it was an impactful event.

# Mask Donation Drive

*(Organised on  
18th November, 2019)*

Rotaract Club of JIMS Vasant Kunj organized Mask Donation Drive on 18 Nov' 2019. This event comes under Community Services. We donated masks to the kids living in the slums of Andrews Ganj. As the pollution level is still not normal now. AQI level is still hazardous for the health of people. They tried to help some people to keep more and more people safe and healthy. All the rotaractors showed keen interest for this good cause. It was fun spending time with those kids.

The motive behind this event was to make the kids aware of the causes of pollution, how pollution might harm humans and the precautions of pollution. We asked them to share this piece of knowledge with their friends also.

Air pollution is a serious health threat, especially in the Delhi-NCR region, where the air quality is declared as poor and at times, very poor. With the pollution levels rising at a drastic rate and the air quality hitting an all-time low, it's up to every individual to opt for anti-pollution measures to breathe cleaner air. And one such simple, easily available and effective option to fight pollution is the use of anti-pollution masks.

# Mask Donation Drive

## Benefits of wearing masks:

Preventing long-term effects of air pollution on the body - Pollution masks restrict the inhalation of air pollution which causes airborne allergies and other lung diseases. Prolonged exposure to air pollutants can lead to various respiratory problems including asthma.

Pollution masks helps to increase lung capacity - Inhaling pure air results in higher lung capacity and makes breathing easier. This improves the strength of respiratory muscles and increases the oxygen intake.

The event was a huge success as many of the rotaract members had helped the committee in organizing this event. They worked as a team.

It gives an immense pleasure whenever the Rotaractors visit the Andrews Ganj Slum because as soon as they step in, those little kids come out of their residents with a wide smile and they will hug the Rotaractors with full of excitement. The Rotaractors will also forget their stress after they see those little kids hugging them with full of excitement. It warms their hearts. The day began with some fun. Everyone were interacting and the rotaractors, promised the kids to give a surprise at the end of the day.

## Stationary Drive

And firstly, all the kids were asked to draw an Indian Flag. All the children enthusiastically participated in the competition. And the rotaractors explained them about the importance of those three colours. Saffron colour, indicates the strength and courage of the country. The white middle band indicates peace and truth and the last band is green in colour shows the fertility, growth and auspiciousness of the land. In the center of the white band is a navy-blue wheel which represents the Ashok chakra, which is a depiction of the Dharma Chakra; a wheel represented with 24 spokes.

And then they were asked to draw whatever they like or want to do in their life. Their innovations and creativity was mind blowing. The way they presented their ideas on the paper through art, it just astounded the club members.

At the end of the day, the children were provided with treats. It was a fruitful workshop and was very impactful for both the kids and rotaractors. Everyone had an amazing time together.
