Dear Mr.Arun,

Greetings from JIMS !

Your reference was given to me by your Mr.Ajay Srivastava.

Jagannath International Management School was established in the year 1997 for imparting high quality education in Management Studies, Journalism & Mass Communication and Information Technology. The Institute is affiliated to Guru Gobind Singh Indraprastha University, Delhi.

JIMS is an institute of academic excellence and is accredited with "A" Grade by the National Assessment and Accreditation Council (NAAC), a body under the University Grants Commission (UGC), Ministry of HRD, Govt. of India.

JIMS measures up to the exacting standards of ISO 9001-2015 providing our students a competitive edge and building a unique and holistic knowledge base.

JIMS has been ranked by the State Fee Regulatory Committee, Government of NCT of Delhi as an A+ category Institute of the University. The Institute has been ranked among the top Business Schools of Delhi/NCR under Third Party Rankings..

As part of the course curriculum, we arrange Industry visits for our students to have practical knowledge about the Industries and their operations/management etc.

JIMS and Hero have had a good association. Last year our students were provided an opportunity by you to visit the Hero Factory at Gurgaon and gather insights of the functioning of a modern manufacturing organisation.

Visit to your plant was a great learning experience for our students. I hope the new batch shall also get an opportunity for the same.

You are requested to kindly allow the visit of our Management students to your factory on any day in October (except Saturday, Sunday and holidays).

The visit can be organized on a date and time suitable to you as per the organizational convenience.

Awaiting your kind confirmation.

Coca-Cola Company has allowed only 35 students persons including faculty for visit to their factory. As BBA III B(M) class has large no. of students, attending the classes, it will be difficult to avoid taking more than 35. In my view, it will be better to take V (B)(M) or (E) and take 33 students along with one faculty and staff and allow only those students whose attendance is good and we can allow students as per their attendance record.

Please consider and issue revised instruction to the CC and also inform the CC of III(B)(M).

1. To help students gain first-hand information regarding various processes of the organization.
2. To co-relate abstract knowledge with practical exposure by the organization.

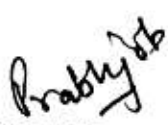

Report:

Students of BBA VI A (evening) got the opportunity to visit the Coca Cola Bottling Plant. As the bus reached the plant, we were accompanied by the representative, COCA COLA to the Video room where they played a video about the precautions to be taken while on the round in the premises of the company. She explained the whole manufacturing and bottling process from initial stage to the final stage i.e. till the transporting of the

product. During the rounds, we were taken to the factory tour where we saw various stages like mixing of raw material, storage tank / blending tank, filling machine, sealing machine, packaging machine and refrigeration room. Students were amazed at the speed at which the process occurred and how the automation systems could be set according to requirements, as minimum of human efforts was required. Thus, the visit was very informative, knowledgeable, educational and enriching. Every one of us enjoyed the visit as we learned a lot of new things which will certainly help us in future.

Learning Outcome:

- They gain insight about Coca Cola manufacturing process.
- Students well interacted to clear their queries about the various processes.

Dear Mr.Arun,

I am sorry that it has taken me so long to say a very sincere Thank You for allowing us to visit your wonderful factory on 1 October.

It was an unforgettable experience for our Faculty members as well as the students.

The students were impressed to see the advanced technology being used in your production - as a person who has seen his son drive a Hero motorcycle, knowing this, means total peace of mind regarding fuel consumption and safety.

The green technology you are using was equally impressive, your factory is a shining example of what other Motorcycle companies must still strive to achieve.

I also wish to thank Mr.Ajay Srivastava and Mr Upesh Sharma.We trust that you and Hero Motocorp will go from strength to strength in the years to come!

Thank you again for such an enjoyable, as well as profitable, time our students had with you in your factory. A BIG Thank you from all of them.

We do hope that our next batch of Management Students would have a similar opportunity to visit the Hero factory in the coming days. !

Sincerely,

Dear Mr.Srivastava,

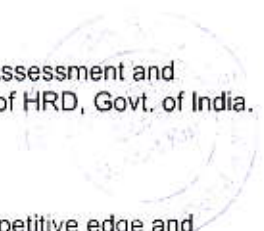

Greetings from JIMS !

This is further to the telephonic talk I had with you this morning.

Jagannath International Management School was established in the year 1997 for imparting high quality education in Management Studies, Journalism & Mass Communication and Information Technology. The Institute is affiliated to Guru Gobind Singh Indraprastha University, Delhi.

JIMS is an institute of academic excellence and is accredited with "A" Grade by the National Assessment and Accreditation Council (NAAC), a body under the University Grants Commission (UGC), Ministry of HRD, Govt. of India.

JIMS measures up to the exacting standards of ISO 9001-2008 providing our students a competitive edge and building a unique and holistic knowledge base.

JIMS has been ranked by the State Fee Regulatory Committee, Government of NCT of Delhi as an A+ category Institute of the University. The Institute has been ranked among the top Business Schools of Delhi/NCR under Third Party Rankings..

As part of the course curriculum, we arrange Industry visits for our students to have practical knowledge about the Industries and their operations/management etc.

JIMS and Maruti have had a long association. Every year our students have been provided an opportunity by you to visit the Maruti Factory at Gurgaon and gather insights of the functioning of a modern manufacturing organisation.

Visits to your plant have always been a great learning experience for our students in the past ,especially the visit organised last year in April. I hope the new batch shall also get an opportunity for the same.

You are requested to kindly allow the visit of our Management students to your factory on any day after 26 March 2018 (except Saturday-Sunday).

The visit can be organized on a date and time suitable to you as per the organizational convenience.

Awaiting your kind confirmation.

Maruti Suzuki India Ltd Factory

Event Category: Industrial Visit

Topic: Industrial Visit to Maruti Suzuki India Ltd.

Date: October 31, 2018, Wednesday

Time: 9 am-12 pm

Venue: Maruti Suzuki India Ltd, Palam Gurgaon Road (Gate No 1)

Resource Person(s) with Designation and Organization:

1. Mr. Alok Kamal Srivastava (Senior Manager Public Relations, Maruti Suzuki India Ltd)

Beneficiaries with number:

1. Faculty & Academic Assistant, Department of Management Studies -2
2. BBA Students V B (M), JIMS, Vasant Kunj - 50

Faculty Coordinator:

1. Dr. Manisha Gupta
2. Ms. Rinki (Academic Assistant)

Learning Objectives:

1. To make students get the practical exposure of the production system and technical details of Car manufacturing
2. The way the production sector is contributing in our National Income.

Report:

Maruti Suzuki India Ltd, a subsidiary of **Suzuki Motor Corporation of Japan**, is India's largest passenger car company, with 44.9% domestic car market share. Its technical superiority lies into its compact & lightweight

engines which are clean and fuel efficient. It exports its cars to over 100 countries. Today, Maruti Suzuki alone makes 1.5 million family cars every year, that's one car every 12 seconds.

Maruti Suzuki has two manufacturing facilities in India. Both manufacturing facilities have a combined production capacity of 14,50,000 vehicles annually. The Gurgaon manufacturing facility has three fully integrated manufacturing plants and is spread over 300 acres. The Gurgaon facilities also manufacture 240,000 K-Series engines annually. The Gurgaon Facilities manufactures the 800, Alto, WagonR, Estilo, Omni, Vitara, Gypsy, Ertiga, Ritz and Ecco.

Mr. Alok Srivastava (Senior Manager Public Relations, Maruti) along with his team mate **Mr. Aman Sharma** (Operation Manager, Maruti) welcomed. They gave an introduction on the history of the plant and the various manufacturing processes used in the plant for manufacturing of cars. **Mr. Srivastava** gave the guided tour of the plant. He also instructed the precautions to be taken by the students during the plant tour.

During the visit, the students witnessed the whole process of making a car from blanking, stamping, welding, painting, assembly and inspection to the final dispatch. They also got an idea about various industrial engineering concepts including quality control, KAIZEN, Quality circles etc.

It was a remarkable experience where the students got a chance to see high-tech robotic technology and automation in different stages of manufacturing. The visit was an informative experience satisfying the curiosity of engineering students, where they could relate the theoretical knowledge of the subjects to the practical application in industry.

Learning Outcome:

- They have an idea about the various variant of cars manufactured at the unit.
- They also got an idea about various industrial engineering concepts including quality control, KAIZEN, Quality circles etc.

Visit to Coca Cola Pvt. Ltd.

Event Category: Industrial Visit

Topic: Industrial Visit to Coca Cola Pvt Ltd

Date: March 29, 2019

Time: 10am-1pm

Venue: Coca Cola, Dasna near Ghaziabad

Resource Person(s) with Designation and Organization:

1. Ms. Sarika Saxena

Beneficiaries with number:

1. Faculty, Department of Management Studies - 1
2. BBA Students 6th Semester (Morning), JIMS, Vasant Kunj - 51

Faculty Coordinator:

1. Ms. Nisha Wadhawan

Learning Objectives:

1. To make students well informed about the process of coke bottling and the machines used for the process.
2. Efficient and effective learning of managerial skills and insight into the industry.

Report:

The Coca Cola Company is an American multinational corporation, and manufacturer, retailer, and marketer of nonalcoholic beverage concentrates and syrups. The students of Jagannath International Management School had an encouraging visit to Hindustan Coca Cola Beverages Pvt. Ltd. production unit at Dasna near Ghaziabad. The

company produces Coca-Cola, invented in 1886 by pharmacist John Stith Pemberton in Atlanta, Georgia. In 1889 the formula and brand were sold for \$2,300 to Asa Griggs Candler, who incorporated The Coca-Cola Company in Atlanta in 1892. The Coca-Cola Company is the single largest plastic polluter in the world, producing over 3 million tonnes of plastic packaging each year including 110 billion plastic bottles.

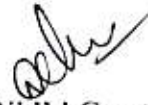

The students were taken to the production and packaging lines where students saw the whole process of Coca Cola making. They got to know about background, other units and process of Coca Cola. The students were thrilled to explore the various components. Then a questionnaire session was conducted wherein the students also satisfied their queries. Overall, it was a useful and learning visit for the students.

Learning Outcome:

- Development of skill set and gaining professionalism and exposure.
- Students interacted and asked questions on s the production and quality check process.

Dear Col.Khorana,

Greetings from JIMS!

We thank you for your kind approval to the Industry visit of our students.

However on 5 April, our College has organized our National Seminar at the IIC ,New Delhi where all our students would be taking part.

In view of the above the date of 5 April is not feasible.

We would therefore request you to kindly give us an alternative date ie any day between 8 to 12 April.

We await your kind confirmation.

2. Ms. Snehalata, Class Coordinator –BCA-I-E

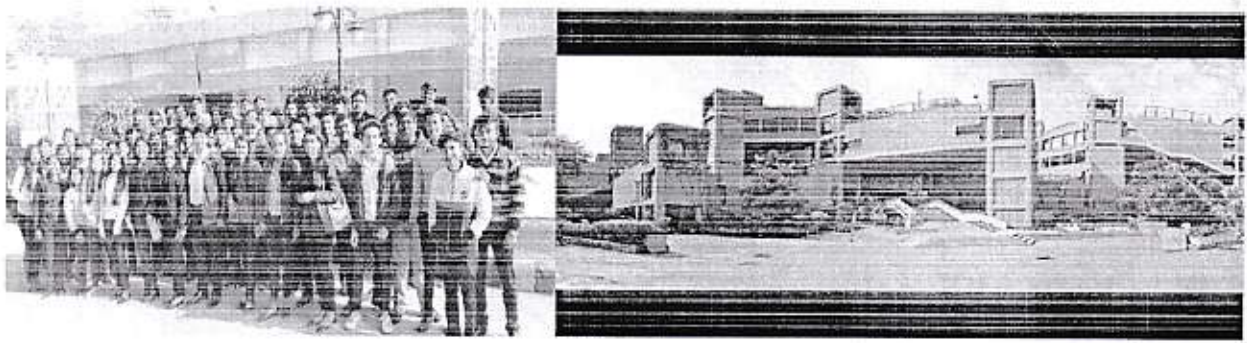

Learning Objectives:

1. The objective of the visit was to develop the scientific awareness and scientific temper among the students.
2. To understand the importance of preserving science & heritage of country.
3. To understand the growth of science and technology and their applications in industry and human welfare, with a view to develop scientific attitude and to create, inculcate and sustain a general awareness amongst the people.

Report:

The students of BCA visited National Science Museum, New Delhi as a part of the Industrial Visit. The National Science Museum is a science museum that is engaged in popularisation of science among the students. The Objective of the visit was to develop the scientific awareness and scientific temper among the students.

At the reception amphitheater, the students were given a brief introduction to the world of science by the educators of the center. The center has six permanent halls full of interesting and hands-on participatory exhibits. Students learnt about the exhibition halls, especially, the galleries 'Our Science and Technology Heritage', 'The March of Information Revolution' and 'Water-The Elixir of Life'. Besides these, there were small but attention grabbing exhibits like the magic tap which gushes forth water suspended in space without any inlet, a harp, where merely moving one's hands creates music and a maze of mirrors which gives illusionary effect which evoked much interest in students.

Students outside National Science Museum after the visit

Learning Outcome:

1. The students attended various shows which were informative as well as interesting.
2. Students got insight of 'The Blue Planet-Science on Sphere show, Communication Saga and the Nuclear Power Plant Operations Show'.
3. The students also learn about the importance of scientific importance and preserving national heritages.

Report:

New Delhi World Book Fair is a major calendar event in the publishing world. NDWBF 2019 was scheduled from 5 to 13 January 2019 at the centrally located Pragati Maidan, New Delhi. Just like every year has a theme for this event. This year also had a theme "READERS WITH SPECIAL NEEDS". The main objective of this theme was to put special emphasis on reading need of children with special needs. The other objective was to organize certain events within the

book fair which included skits, dramas, street plays, musical presentations, storytelling sessions and some other relatable events which promoted literature among children. Also, to deepen the trust and understanding among various publication houses and educational organizations.

Students outside Pragati maidan after the visit

Learning Outcome: There were a lot of things to be learnt from NDWBF 2019 which majorly included the following:

1. The "about to become author" got an idea about what sort of books are being demanded in today's era.
2. Students got insight to new technological projects.
3. The importance of literature should not be known by only adults. It is responsibility of the family and society to educate children about the importance of literature.
4. Educational institutions should also be approachable by publishers, as the main focus of this NDWBF 2019 revolved around the children.

Dear Sir/Madam

I am part of the BBC Click technology programme and this week we are putting on a special live show at Bikaner House on the 13th September.

It is a show that will feature live demonstrations, interviews and audience participation of the very latest and best technology around.

We are keen to involve as many people as possible and get a great audience of local people and students that could take part in the show. I feel it would be a great learning experience as well as a fantastic evening of entertainment.

I would invite you and your students to apply for passes at the below link and we would be happy to provide a bus transport for a large group if they were willing to come along.

Dear Alan,

Thank you for inviting the students for BBC Live show on Thursday at 6pm at Bikaner house. About 70 students have registered till now along with 2 faculties. I request to send two buses for picking up the students at 4:00 pm to JIMS Vasant Kunj, Sector - B, OCF Pocket - 9, New Delhi, Delhi 110070. The students after the programme should be dropped to the nearest metro station. Ms. Shikha Kukreja and Ms. Chhav Bakaria (Faculties) will be touch with you regarding the visit. They will be sending the list of students by today evening of the registered students.

Hi Ma'am

Many thanks for that and we would love to have your students at the BBC Live show on Thursday at 6pm. As Shubham says they can register as the link below -

http://www.bbc.co.uk/showsandtours/shows/date/click_delhi

If you could let us know the number of students you think we will have and what time you might need the bus to arrive to pick people up then I can begin to arrange that. Many thanks,

Dear Sir/Madam

I am part of the BBC Click technology programme and this week we are putting on a special live show at Bikaner House on the 13th September.

show that will feature live demonstrations, interviews and audience participation of the very latest and best technology around.

We are keen to involve as many people as possible and get a great audience of local people and students that could take part in the show. I feel it would be a great learning experience as well as a fantastic evening of entertainment.

I would invite you and your students to apply for passes at the below link and we would be happy to provide a bus transport for a large group if they were willing to come along.

http://www.bbc.co.uk/showsandtours/shows/date/click_delhi

I hope that this might be something that you could do and let us know if you might be able to come to the show. It would be great to see you there. Many thanks,

Alan Moloney

Hi there

Thank you very much for that. Apologies but I am on location filming and unable to open the attachments. Would you be able to give me a rough number of the total students that you would need transport for? Also could you get them to register for tickets here http://www.bbc.co.uk/showsandtours/shows/date/click_delhi

if they have not done so already. I hope that might be alright but if you could let me know numbers that would be great. Thanks,

Alan

Hi Alan,

I have gone through the attachment, the total number of students is 70. There were some complaints that the students were not getting their tickets after registration. Also they might not be able to get a print out of the ticket if they receive it at the last moment. SO they have sent us the list that in case they do not get one, they are not denied entry.

Regards,

Shubham.

Dear Ma'am

On behalf on the entire crew ,I would like to thank you for you for letting your student become a part of our show on such a short notice. This was the first of its kind 'tech show' organised by us in India. Our aim is reach to more and more young blood of the country and Click Live was only the beginning.

In a few days from now, we will be launching our Click Live bulletins in several Indian languages. As the producer of one of the bulletins, I can say that the applauses and cheers of the students have strengthened our hope that we will be successful in our attempts. Please extend my thanks to each and every one present there. My special thanks to the faculty members who made the work easier for us.

As I discussed, this was the first time that we had organised such an event in India, so there were some flaws from our side. Some unavoidable issues led to a delay in start of the program which caused inconvenience for those present there. I sincerely apologise for the same.

Thanks a lot!!!

2. To develop the reading and comprehensive skills of students

Report:

Department of Media & Communication Studies, JIMS, Vasant Kunj organized an Industrial Visit to Book Fair, Pragati Maidan for BA(JMC) students on 11th January, 2019. There were a lot of book stalls which were decorated beautifully and students were amused at seeing hundred and hundred stalls. Every book stall was full of various kinds of books. Novels, Science fictions, Story Books, Drama, Academic were available in this book fair. Students got a chance to compare the books of different writers published by different publishers. Even some contemporary writers were also there and students got the chance to interact with them. The discussion program, quiz competitions and cultural events arranged on the premises attracted the students to a large extent. There was a different section for each country and one can go and buy and have a look at the books from every corner of the world. The books were however available at the discounted price or cheaper rate. The teachers equally helped the students in selecting the books. This book fair gave an opportunity to students to read and access more informative literature besides their efficiently loaded college library.

Glimpse of Industry Visit:
