The Esteemed Chairman had suggested that such students be given 10% concession in the attendance. Accordingly I accept 50% attendance from these students. If such students have to be given permission not to attend the classes for rest of the semester, I need a permission from Chairman Sir.

Dear Prof. Manchanda,

Greetings.

In reference to candidates on board, Akul Grover, Rishabh Dikshit, Rishabh Jain and Sanchit Tarachandani, as discussed on phone, I hope you understand the month of April being the most busiest of the year and so we have pre-booked the team's travel for our exhibitions and projects in Mumbai, Andhra, Telengana, Gujarat and also in Hongkong where they will be extensively travelling during the month of April marking it a distinguished feat in terms of their career

Hence, being very modish fellows, it would be great if their internal exams which are happening in April can be managed as per their average scores, which I am sure are fair. They can go ahead and take leaves during their finals in May, that shouldn't be an issue but in April it seems tough from the business point of view. We would be thankful if you can internally adjust the same and notify us so that things can work out smoothly and that they can appear for their finals without any backlogs.

Once again I would like to mention; we are very glad to have recruited candidates from your college and I must say they are doing exceptionally well for which definitely the credits goes to you and the rest of the panel. We are genuinely happy with your association with us and look forward to get such smart candidates on board in the coming financial year very soon.

Dear Sir,

Greetings from Infosys Limited !

Opportunities today have become inseparably linked with advances in IT. At Infosys, we don't expend effort to merely give our clients what's best for them today; we set our sights on what that effort can grow into. Fortifying their business and improving the way we live on this planet. We're about pushing the limit of what is currently possible – towards completely new areas. Being audacious with our ideas. We are enabling them to Be More through varied initiatives like 'Zero Distance' which brings employees closer to clients and their expectations, 'Murmuration' which is a crowd sourcing program

that invites employees to share their ideas on innovation and 'Design Thinking' which enables people to marry both conventional problem solving methods and intuition.
