Dear Sir,

Greetings from Infosys Limited !

Opportunities today have become inseparably linked with advances in IT. At Infosys, we don't expend effort to merely give our clients what's best for them today; we set our sights on what that effort can grow into. Fortifying their business and improving the way we live on this planet. We're about pushing the limit of what is currently possible – towards completely new areas. Being audacious with our ideas. And then executing these ideas to perfection. Our employees are our biggest assets. We are enabling them to Be More through varied initiatives like 'Zero Distance' which brings employees closer to clients and their expectations, 'Murmuration' which is a crowd sourcing program

that invites employees to share their ideas on innovation and 'Design Thinking' which enables people to marry both conventional problem solving methods and intuition.

It's that time of the year when we are gearing up for another **Campus Placement Season for Graduates (BSc & BCA only)** and are glad to partner with a prestigious institute like yours.

As in the past, we would prefer to partner with you institute to conduct the pooled recruitment process and in this regard, kindly let us know if you can support us by pooling the students from other colleges in and around your city for the same. Also update us on the suitable time period which can be considered to conduct the process.

As you are aware, registration and testing of students shall be conducted online. To enable the same, we request you to furnish the required students details as per the attached '**Student Data Sheet**' document only.
